

How to Use Cloth Face Coverings

Before putting on a cloth face covering, wash your hands with soap and water or use a hand sanitizer with at least 60% alcohol.

Cover your nose and mouth with the face covering and make sure there are no gaps.

Remove your face covering by the ties or ear loops. Do not touch the front of the face covering.

Wash your face coverings after each use with detergent and hot water. Wash your hands or use hand sanitizer.
