

THE COVID-19 CLINICAL STUDY FOR PATIENTS AT INCREASED RISK OF WORSENING SYMPTOMS

Hope For Moving Beyond COVID-19

VOLUNTEER FOR A COVID-19 CLINICAL STUDY

Learn more about participating in a COVID-19 clinical study.

While there is hope that the worst of the pandemic is behind us, hundreds of thousands of new cases of COVID-19 are still reported daily around the globe. That is why it's so important to continue to advance not only prevention, but also the treatment of COVID-19.

This clinical study is evaluating whether an oral study drug reduces the duration and/or severity of illness among people recently diagnosed with COVID-19 who are at increased risk of worsening symptoms.

Currently, there are no approved oral treatments for COVID-19. If you have recently been diagnosed with COVID-19, participation in this study can be an option to consider not only for yourself, but as an important contribution to the global effort to move beyond COVID-19.

Joining a clinical trial is an important and personal decision. We hope it is one you will consider.

This study may be an option for you if you are at least 18 years old and meet all the requirements below:

- ✓ You have tested positive for COVID-19 in the last 5 days and have not tested positive previously
- ✓ You have not received and do not plan to receive the COVID-19 vaccine while in the study
- ✓ You have recently developed symptom(s)

Note: These are not the only eligibility criteria for this clinical research study. A clinical research team member will help determine if this study is right for you based on all participation criteria.

THE COVID-19 CLINICAL STUDY FOR PATIENTS AT INCREASED RISK OF WORSENING SYMPTOMS

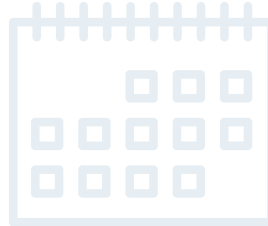

WHAT TO EXPECT

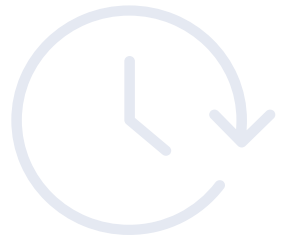

PARTICIPANTS WILL BE
**RANDOMLY
ASSIGNED**
(BY CHANCE) TO RECEIVE
THE COVID-19 STUDY PILL
OR PLACEBO

PARTICIPANTS
WILL RECEIVE
**10
DOSES**
OVER 5 DAYS

PARTICIPANTS WILL
HAVE AT LEAST
6
**SCHEDULED
FOLLOW-UP VISITS**

PARTICIPANTS WILL
**TRACK
THEIR
HEALTH**
AND REPORT
THEIR SYMPTOMS

How can I learn more?

If you are interested in learning more about this clinical trial, please reach out to your local study site using the contact information on this handout. The study team will answer your questions and see if you qualify to participate. Deciding to join a clinical trial is a personal and important decision. We hope it is one you will consider.
